

## Rasheeda Mehendi Cone

Rasheeda Mehendi Cone is designed with a stylized monogram that creatively integrates the initials R M and C in a unique and artistic way Here is a breakdown of how the letters are represented and what they resemble

### Letter R

The left side of the monogram has a curved stroke that resembles the uppercase R with a flourish giving it an elegant and traditional look This curved style is often seen in calligraphy<sup>3</sup> aligning well with the artistic nature of mehendi henna designs

### Letter M

The central vertical strokes form the M structured in a bold symmetrical manner The merging of lines suggests strength and balance<sup>3</sup> reflecting the authenticity and craftsmanship of the mehendi cones

### Letter C

The rightmost stroke has an open curve that represents the letter C subtly completing the monogram The flowing nature of the C resembles the fluidity of mehendi when applied to the skin symbolizing creativity and artistry
